

ROY ROGERS MUSEUM

MEMBERSHIP FORM 2023

The Roy Rogers Museum in Portsmouth, Ohio is a fan based museum. Founded and run by P.A.C.E. President, Eva Robbins, it honors both the King of the Cowboys, and his fans by displaying items that have been collected by those fans for centuries. These collections have been donated by their collectors and are now lovingly exhibited at the museum to honor both the memory of Roy, and of those who collected them. All supported & sanctioned by Dusty Rogers & the Roy Rogers Family.

The GRAND OPENING was held in August of 2021, attended by the Sons of the Pioneers, along with friends and members of the Roy Rogers Family. Shortly after that opening, the museum was forced to close when the roof began to leak, ruining the new paint job & floors due to rain and weather. The collections were saved, and have been relocated to a nearby building, and the new museum has been re-opened at that location. Eva continues to keep the collections on display, and to add to the exhibit, while looking for a larger building that will be more suitable to house the ever growing collection. Roy had many fans in his hometown, & all over the world!

Keeping these things in mind, we are asking for those interested in helping her keep the doors open to consider a museum membership. There are 3 levels to choose from, and your membership will go a long way in helping the museum as they get back on their feet from the expenses they currently face, and will continue to incur. This endeavor is truly a 'labor of love', and has had have a rough start, but like a 'barn rising', we can help them get back up and heading toward... 'Happier Trails'

3 MEMBERSHIP LEVELS TO CHOOSE FROM
